Drug Discovery Core
Chemical Libraries

Life Chemical Libraries:

Diversity: Diverse and non-overlapping compounds
<http://www.lifechemicals.com/services/diversity>

- 5,120 Life Chemical Diversity Set (10 mM) 384 formatted
- Ideal for getting started in screening and obtaining preliminary data illustrating that assays are ready for HTS campaigns
 - Daughter plates in 384 format **available**.
- 20,160 Life Chemical Diversity Set (10 mM) 384 formatted
- Ideal for full scale screening
 - Daughter plates in 384 format **by request**
- 2,320 Natural Product-like Library (10 mM) 96 formatted
- http://www.lifechemicals.com/services/Screening_libraries/Natural-like
 - Daughter plates in 384 format **by request**
- Focused: http://www.lifechemicals.com/services/Screening_libraries/Focused
- 480 MYST (KAT8) Library (10 mM) 96 formatted
- Daughter plates in 384 format **by request**
- 9,440 Deubiquitinase library (10 mM) 96 formatted
- Daughter Plates in 384 format **available**.
- 1,340 Cysteine Focused Covalent Inhibitors (10 mM) 96 formatted
- Daughter Plates in 384 format **available**.

ChemBridge:

http://www.chembridge.com/screening_libraries/diversity_libraries/

- 10,000 DiverSet from ChemBridge (10 mM) 96 formatted
- Daughter plates in 384 format **by request**
